

Disclaimer

All documents prepared by and/or any information provided by HydroExchange Advanced Horticulture (Pty) Ltd. (hereinafter referred to as “HydroExchange”) and the information contained therein is proprietary to HydroExchange and will be held in confidence by the user and/or reader (“The confidential Information”).

The Confidential Information shall not be used, published or reproduced in whole or in part for any purpose other than relating to the purpose for which it was requested, nor shall the Confidential Information be disclosed to any third parties whomsoever, without the prior written consent of HydroExchange.

All documents and information are based on the information provided by our clients and its officers. HydroExchange utilises international standards and professional expertise within our scope of operations. However, the data, information and/or advice is based principally and essentially on assumptions as acknowledged throughout our operations and upon information, data and conclusions supplied by others. HydroExchange is not able to, nor does it verify the accuracy of, or adopt as its own, the information and data supplied by others.

HydroExchange, or any other person acting for and/or on behalf of HydroExchange, assumes no responsibility, duty of care or liability to any person with respect to the contents of any document prepared by and/or any information provided by HydroExchange or with respect to any inaccuracy, absence of suitable qualification, unreasonableness, error, omission or other defect of any kind or nature in or with respect to any document prepared by and/or any information provided by HydroExchange.

The conclusions and recommendations contained in any document prepared by and/or any information provided by HydroExchange are believed to be prudent and reasonable in the context in which they are expressed and founded on experience, preliminary calculations and information provided by others. The opinions expressed any document prepared by and/or any information provided by HydroExchange are given in good faith but are not a substitute for the evaluation and analysis of the information available, by others.

No representation or warranty with respect to the contents of any document prepared by and/or any information provided by HydroExchange is given or implied and HydroExchange accepts no liability whatsoever for any loss or damage, howsoever arising, which may directly or indirectly result from the use or misuse of any document prepared by HydroExchange.

Any document prepared by and/or any information provided by HydroExchange is “work in progress” (unless otherwise indicated) and is still subject to HydroExchange’s internal review and, as such, is subject to change. HydroExchange accepts no responsibility or liability for any version of any document prepared by and/or any information provided by HydroExchange or the utilisation thereof.
